LETTER SUBMITTING
SUPPLEMENTAL APPLICATION DATA SHEET

Sir:

Submitted herewith is a Supplemental Application Data Sheet to correct the Patent Office's records for the spelling of the first name of the second inventor. Specifically, it appears that the Patent Office's records incorrectly list the second inventor as "Shoichi Ibaraki" rather than "Shouichi Ibaraki". The discrepancy appears to be based on the Office's records for the inventors having first been established from an un-executed Oath submitted with the original filing of the application, wherein the first name of the second inventor was misspelled. However, an executed Oath was subsequently submitted and in that Oath, the first name of the second inventor was corrected. Thus, the Supplemental Application Data Sheet being submitted

herewith is merely being submitted so as to correct the Patent Office's records so that the first name of the second inventor will be consistent with the correct name listed on the executed Oath.

Applicants' undersigned attorney may be reached in our Costa Mesa, California office by telephone at (714) 540-8700. All correspondence should continue to be directed to our address given below.

Respectfully submitted,

/Edward Kmett/
